- Interview with Human resources, Head of Approved Organization and Corporate Aviation SMS manager
5 - SMS manager training course

End of 2008:
French regulation imposed the implementation of SMS for CAT & Part 145
• Decision was taken to also implement a SMS for Flight crews and technicians in Airbus Helicopters Training Services (AHTS, Marignane, France)

2009:
• AHTS SMS project team and AH Aviation Safety team trained on SMS by IFSA (Institut Français de la Sécurité Aérienne)
• French Part 145 project team trained by Quali-Audit (IOSA certified) and Baines & Simmons

2010:
SMS managers courses registered in AIRBUS Group Training Catalog after:
• Incorporating what has been learned in the external training courses
• Taking in account the return of experience of internal SMS deployment
• Fullfilling internal requirements to follow our AIRBUS Helicopters standards and processes

Training content is regularly improved following:
• SMS regulation evolution
• Feedback of the trainees and lesson’s learnt of other AH SMSs
• Benchmark with other OEMs (AIRBUS, TURBOMECA,…)
• Participation in safety events, seminars and international intiatives (IHST)
• Evolution of our internal standards & Processes
• SMS on-going internal deployment
